STATE OF CALIFORNIA

IN SENATE

JANUARY 18, 1901

REPORT OF THE

COMMISSIONER OF THE

LAND OFFICE

FOR THE YEAR 1900

## EXPLANATORY NOTES.

746 2-1  
The tables contained in these monthly statements are *unrevised* and include only the returns *received* at the Customs Department, Ottawa, during the month covered by the statement, so that returns received after the close of the month to which they relate will be included in the statement for the following month, except in respect of *March*, last month of the fiscal year, the statements for which are to contain transactions up to the end of the month.

IN STATEMENT OF IMPORTED GOODS ENTERED FOR CONSUMPTION, The term 'Entered for Consumption' is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value of goods imported is governed by Section 58 of the Customs Act, which provides that the value of imported goods subject to ad valorem duty 'shall be the fair market value thereof, when sold for home consumption, in the principal markets of the country whence and at the time when the same were exported directly to Canada.'

IN STATEMENT OF EXPORTS, The term 'The Produce of Canada' includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

The term 'Goods not the Produce of Canada or Foreign Articles' applies to the exports of foreign goods which had been previously imported.

The value of 'Goods the Produce of Canada' is their value at the time of exportation at the ports of Canada whence shipped.

The value of 'Goods not the Produce of Canada,' is the actual cost of such goods.

The initials N.E.S. mean 'not elsewhere specified.'

do N.O.P. mean 'not otherwise provided for.'

The expression 'Ton' means two thousand pounds, and 'Cwt' one hundred pounds.

do 'Standard hundred,' when applied to deals, means 2,750 feet board measure.

do 'Tons,' applied to square timber, means 40 cubic feet.

JOHN McDUGALD,  
Commissioner of Customs.
